Easter is one of the important festivals in Western countries. It comes at the beginning of spring, usually on a day between March 22nd and April 25th. Before Easter Day, people will colour eggs and give them to each other. They believe "All life comes from an egg". Then on Easter Day children wake up and find that the Easter Rabbit leaves them baskets of sweets. He also hides the coloured eggs around the house.

Children look for the eggs and the child with the most eggs wins a prize. For Easter, coloured eggs, rabbits and flowers all mean rebirth and new life.
